Environmental Declaration

Urban Living Furniture Ltd declares that the Nordic Queen Bedroom Set has been designed and manufactured using environmentally responsible practices. The furniture incorporates responsibly sourced timber, durable construction intended for long service life, water-based low-VOC protective finishes, and recyclable cardboard packaging. Production processes aim to minimise waste, maximise material utilisation, and encourage repair or replacement of individual components rather than complete product disposal.

Supporting Environmental Evidence

- Responsible timber sourcing declaration
- FSC or equivalent supplier certification (where applicable)
- Water-based coating technical data sheet
- Low VOC finish declaration
- Recyclable packaging statement
- Workshop waste reduction and recycling summary
- Product repairability and spare-parts policy
