

RETURN POLICY

Island Home Essentials

Merchant: Island Home Essentials Ltd

Location: Mauritius

Delivery Method: YM Delivery

1. General Return Policy

Island Home Essentials accepts eligible product returns in accordance with the applicable Yellow Markets return policy. Return eligibility may vary by product and is subject to the conditions stated for the individual product.

2. Product-Specific Return Conditions

Product	Return condition
Bamboo Drawer Organiser Set	Eligible for return, subject to the applicable policy.
Stack Smart Storage Basket	Eligible for return.
FreshSeal Reusable Food Pouch Set	Unopened products only, except for a verified defect.

3. Defective Products

Where a product is covered by a manufacturing-defect replacement condition, the issue will be handled according to the applicable Yellow Markets policy. The Bamboo Drawer Organiser Set test data specifies a seven-day manufacturing-defect replacement.

4. Return Request Process

- The Shopper should initiate the return through the applicable Yellow Markets order or support process.
- The relevant order and product should be identified in the request.
- The reason for the return should be provided when requested.
- Where a defect is claimed, the issue may be reviewed and verified before approval.

5. Return Review

Return requests are subject to review against the applicable product and Yellow Markets return conditions. The Merchant may be notified of the request and required to provide the appropriate response or action.

6. Refunds and Replacements

The Merchant test document specifies that Replacement, Return and Refund policies are to be handled as per Yellow Markets. It does not specify detailed refund timelines, refund methods, or return-shipping arrangements; these should therefore follow the applicable Yellow Markets rules.

7. Important Notes

- Return eligibility is product-specific.
- The conditions applicable to the purchased product should be checked before submitting a return.
- Unopened-only restrictions apply where specifically stated.
- Verified manufacturing defects may be handled separately from standard returns.

- No additional refund timelines or conditions are stated in this Merchant-specific policy.

Policy basis: Prepared from the Island Home Essentials Merchant test document, which states that Replacement, Return and Refund policies follow Yellow Markets policy and provides the product-level return conditions.
